

## MELTER KETTLES

# RY10MK-PRO

The RY10MK-PRO is a portable Crack Fill Kettle designed to be free standing or optionally bolted to any truck or trailer. Its heavy-duty molasses valve allows you to control the flow of material into any pour-pot or bander. Safety, reliability and efficiency combine in this machine to create a contractor's must-have.

### SPECIFICATIONS

|                               |                                |
|-------------------------------|--------------------------------|
| <b>Fluid Capacity</b>         | 10 US Gallons                  |
| <b>Kettle Steel Thickness</b> | 14 Gauge                       |
| <b>Empty Weight</b>           | 125 lbs / 56.8 kg              |
| <b>Max Capacity Weight</b>    | 223 lbs / 101.4 kg             |
| <b>Fuel Type</b>              | Propane                        |
| <b>Max Fuel Pressure</b>      | 1/2 psi                        |
| <b>Burner Type</b>            | 60,000 BTU/hr<br>Sealed Burner |
| <b>Valve Type</b>             | 2" Molasses Valve              |
| <b>Agitation Type</b>         | Manual                         |

### PRODUCTIVE

- Melts crack sealant up to 50% faster than torch-fired models and allows you to melt enough filler to apply up to 4,800 feet of crack filler per day.
- The sealed burner consumes nearly 50% less fuel than traditional torch-fired melter applicators.

### RELIABLE

- The patented sealed burner is shielded from the elements and virtually eliminates flame-outs by wind, which are common to torch-fired models.
- The unique glycerin-filled thermometer is highly resistant to damage caused by constant vibrations during regular use, which ensures a reliable temperature reading every time.

### EASY TO OPERATE

- No more wasting time searching for a striker, lighter or matches. Starting a melter has never been easier with our push button electric ignition.
- Molasses valve for conveniently and quickly dispensing melted crack fill.

### SAFETY BUILT-IN

- Kettle is equipped with latches, which help keep your lid securely fastened while moving from job to job.
- The unique sealed burner is equipped with a CSA / UL approved flame-out sensor which detects flame-outs and prevents fuel from flowing to the burner.
